2nd International Conference

«INFORMATION TECHNOLOGIES IN THE ENVIRONMENTAL PROTECTION»

15-16 May 2025, Lviv, Ukraine

CALL FOR PAPERS

Dear Colleagues!

We are pleased to invite you to participate in the 2025 2nd International Conference «Information technologies in the environmental protection» that will be held on May 15-16, 2025 in Lviv, Ukraine.

This conference is an international forum for representatives of scientific and educational communities, state institutions, public organizations, local self-government bodies, business structures and all interested persons.

The purpose of the Conference: discussion of scientific approaches to the possibilities and necessity of using information technologies in the field of environmental protection, determination of strategic directions for ensuring environmental safety and scaling of innovative ecosystems in the context of sustainable development, taking into account the experience of leading countries.

Conference topics:

1. World and national practice of using information technologies in environmental research.
2. Environmental safety in the conditions of war: problems of ensuring and nowadays challenges.
3. Ecologization of the economy to ensure a green future for the European Union.

Conference languages: Ukrainian, Polish, English.

Form of the event: mixed

Participation in the conference free.

As the results of the conference will be published a collection of thesis in electronic format with an ISBN number.

The electronic collection of thesis will be sent to the participants within two weeks after the conference and posted on the conference website: <https://science.lpnu.ua/itep-2025>

To participate in the conference and publish thesis, please send the following to the conference email by **May 01, 2025**:

1) thesis prepared in accordance with the requirements (file name in the format: 1_Surname_Name_thesis, where 1 is the number of conference topic);

2) application for participation in the conference (file name in the format: 1_Surname_Name_application).

3) for single publications by students and postgraduates - a file with a scanned review of the supervisor in .pdf format (file name in the format: 1_Surname_Name_review)

REQUIREMENTS FOR THESIS

The volume of thesis should be up to 4 pages (with a list of references). Thesis should correspond to the scientific topics of the conference and can be prepared by one or more authors. No more than two theses can be submitted by one author.

The text of the thesis should be constructed in a logical sequence, without repetition, with clear wording and in accordance with the requirements of the style of scientific text, without grammatical and stylistic errors.

Conference materials will be published in the author edition. The authors are responsible for the content of the materials and spelling.

The text must be typed in the text editor MS Word with the extension .doc or .docx. Page format – A4 (210 mm, 297 mm); margins - 2 cm on all sides. Font - Times New Roman; pin – 12; line spacing – single; paragraph indentation – 1.25 cm.

The list of references should be given in italics at the end of the text (the words list of references are not placed). The sources used are formatted in accordance with [APA](#) style.

SAMPLE OF THESIS FORMAT

Petrenko Ivan
