

# CONTENTS

- 79 Valentina Iurchenko, Elena Lebedeva, Svitlana Ponomaryova**  
Ecological Safety Predictive Modeling Concerning Fine Cocoa Dust Dispersion, Released by Confectionery Manufacture
- 85 Olena Matskiv, Oksana Chaika, Lyudmyla Babiak, Viktor Vasiichuk, Natalya Shuvar**  
Influence of Petrol and Petroleum Components' Vapours on Human Organism
- 91 Olena Kharlamova**  
Formation and Development of Scientific Direction of "Ecological Safety" as a Priority of Scientific and Pedagogical Activity of Professor Volodymyr Shmandiy
- 97 Rostyslav Sipakov, Volodimir Trofimovich, Olena Voloshkina, Julia Bereznitska**  
Impact of Weather Factors on the Speed of the Reaction of Formaldehyde Formation Above Motorway Overpasses
- 103 Qurat-Ul An Sabir, Muhammad Nadeem, Tri Nguyen-Quang**  
Mathematical Simulation for Algal Growth in the Water Reservoirs of Moncton City (New Brunswick, Canada) by the Supervised Learning Classifier
- 115 Yelizaveta Chernysh, Leonid Plyatsuk, Sabina Gabbassova**  
Environmental Biochemical Analysis of Sulfur Compound Transformation of Natural and Technogenic Genesis
- 121 Nataliia Magas, Hanna Trokhymenko**  
Impact of Riverbank Anthropogenic Pollution Sources on the Formation of River Water Quality
- 129 Sergiy Orel, Oleksii Ivashchenko, Myroslav Malyovanyy**  
Assessment of the Influence of Military Activity on the Environment at the International Peacekeeping and Security Center Through the Evaluation of Environmental Risk
- 133 Serhii Kvaterniuk, Vasyl Petruk**  
Multispectral Ecological Control of Biomass of Phytoplankton in Aqueous Media in Situ using a Quadcopter
- 139 Tetyana Rotay**  
Enhancement of Environmental Security of Destruction Processes of Water Pollutants in Ecosystems of Water Treatment Plants
