

# CONTENTS

- 199 Liubov Kika, Larysa Sablii, Katarzyna Jaromin-Gleń**  
The use of plants for purification  
of wastewater from pharmaceutical factories
- 205 Daniil Marshall, Olena Zhukova**  
Ways of rational use of water resources in the conditions  
of post-war reclamation systems in the south of Ukraine
- 210 Larysa Sablii, Veronika Zhukova, Jakub Drewnowski**  
Ways to improve the efficiency  
of wastewater treatment of a cardboard and paper mill
- 217 Andrii Mats**  
Assessment of the status of the surface water  
of the Buzky Estuary within Mykolaiv city
- 224 Vladyslav Mykhailenko, Dmytro Shelinhovskiy,  
Tamerlan Safranov**  
Management efficiency for certain types of plastic waste
- 231 Ganna Trokhymenko, Natalia Magas,  
Oleksandra Shumilova, Volodymyr Klochko**  
Analysis of surface water quality indicators in the Dnipro-Bug  
Estuary region in the first months after the destruction  
of the Kakhovka hydroelectric power station dam
- 241 Oksana Illiash, Yurii Holik, Astrid Allesch,  
Iuliia Chepurko, Tetiana Serha**  
Analysis of studies on the morphological composition  
of domestic waste in Ukraine
- 247 Yurii Novytskyi, Nataliia Topylko,  
Nataliia Rainchuk**  
Valorization of phosphogypsum in Ukraine  
by creating composite materials  
for structural layers of road pavement
- 256 Vira Sabadash, Oleksiy Lopushansky, Vitaliy Lysko**  
Statistical assessment of the dynamics  
of changes in the concentration of PM<sub>10</sub>  
and PM<sub>2.5</sub> particles in the air of urbanized areas
- 263 Serhii Protsenko, Mykola Kizyeyev, Olha Novytska**  
Computer modeling of operation of existing wastewater  
treatment plant during its reconstruction
- 271 Diana Kindzera, Volodymyr Atamanyuk,  
Roman Hosovskyi, Ihor Mitin**  
Drying of cenospheres recovered  
by the wet-based method from coal fly ash  
for their rational use
