

# CONTENTS

- 1 Varetsky Y., Hanzelka Z.**  
Sizing filter reactors for industrial electrical grids
- 15 Yatsenko A., Bakhor Z.**  
Online insulation monitoring system for high voltage bushings 330 kV
- 24 Kutsyk A. S., Semeniuk M. B., Podskarbi G.**  
Dual-motor induction frequency-regulated electric drive with improved electromagnetic and electromechanical compatibility
- 37 Paranchuk Ya., Boichuk B., Rudyi T., Tsiapa V., Golubiev O.**  
System of adaptive fuzzy control of the electrical mode of the arc steel arching furnace
- 48 Havdo I.**  
Mathematical model of magnetic state of single-phase commutator motor
- 55 Baran P., Kidyba V., Ravlyk N.**  
The usage of capacitive distributors for measuring voltages of 6 (10) kV tire sections
- 62 Makarchuk O., Krokhmalnyi B., Zubchik I., Calus D.**  
Magnetic torque analysis of high-performance magnetic gears
- 72 Moroz V. I., Vakarchuk A. B.**  
Application of the zeros and poles matched method for modeling of electrical systems
- 88 Shchur I., Biliakovskiy I., Kharchyshyn B.**  
Formation and research of low voltage modules of batteries and supercapacitors for autonomous power supply systems
