

CONTENTS

- 117 Valentyna Ilina, Anna Ilina**
The agricultural sector of Ukraine as a component of food security under the martial law
- 123 Iryna Sipko, Iryna Ablieieva**
A systematic approach to the formation of quality and environmental safety of biofertilizer from digestate
- 136 Olena Matskiv**
Analysis of modern methods for preventing the spread and extinguishing fires
- 144 Nataliia Latsyk, Ihor Petrushka**
Improvement of the scheme of neutralization of dust emissions into the atmosphere
- 150 Zoriana Odnorih, Myroslav Malovanyy, Yuliia Tkachyk, Liliana Romaniuk, Galina Krusir**
Internal environmental audit of the enterprise as a component of environmental management
- 157 Elina Khobotova, Inna Hraivoronska, Maryna Ihnatenko**
Assessment of radiation hazard of concrete and background radiation indoors
- 164 Valentina Iurchenko, Svitlana Tkachenko**
Implementation of the sludge biotic index for control and optimization of the biological treatment process
- 172 Vira Sabadash, Anna Nowik-Zajac, Oleh Konovalov**
Mathematical model of adsorption of high molecular weight compounds in a column-type apparatus
- 179 Oleksandr Ivashchuk, Volodymyr Atamanyuk, Roman Chyzhovych, Stanislav Boldyryev**
Investigation of the beet pulp filtration drying kinetics
- 187 Antonina Savchenko**
Green building standards and their implementation in Ukraine
