

CONTENTS

TECHNICAL SCIENCES

Oliyarnyk T. I., Kudriashova A. V.

Functional modeling of the vector image creation process9

Strelbytska S. N.

Corporate culture in modern libraries 16

Neroda T. V.

Analytical Modeling of a Dynamic Discrete System for Managing Job-Tasks
in Short-Run Print Production26

Havenko M. M., Labetska M. T.

Analysis of types of blockchain technologies in the publishing industry38

Telegina T. Ye.

The influence of self-adhesive sleeves used for flexographic plate mounting
on print quality46

Zatserkovna R. S., Zatserkovnyi R. H., Stepanets V. O.

Overview of COMPUTER VISION technologies for product labeling55

Bernatsek V. V., Ryvak P. M., Vladyka T. V., Vladyka N. V., Marchuk R. P.

Study of flexographic imprint's quality on flexible packaging materials62

Maik V. Z.

Research on the quality of foiling in jobbing and blank forms printing71

Havenko S. F., Kulik L. Yo., Kadyliak M. S., Boichuk Y. A.

Design and visualization of packaging for board games 80

Zatserkovna R. S., Zatserkovnyi R. H., Sokolova T. V.

Modern digital printing technologies for packaging manufacturing: review
and prospects 90

Kolomiiets A. B., Kandiak N. M., Holdak L. B., Kotovskii O. O.

Experimental studies on bending cardboard by pushing it through a matrix96

Zhydetskyi V. Ts., Savchenko O. M.

Influence of factors of visual work computer set operator on its labor
productivity107

Nazar I. M., Kutaiev O. V.

Analytical review of technologies for producing children's toy books..... 115

Holubnyk T. S., Zhytariuk B. M.

Research on the effectiveness of transport advertising per consumer 124

Pasichnyk M. S.

Formation of the printing trade union movement in Galicia and its representation
in the trade union press 134

Khoma I. Ia.

Statute of the trade union "Mutual aid society of private employees" of Galicia
(1867): an analytical review of historical and legal foundations..... 143

Malets I. V.

Design of a machine translation service for variable data 155

Vovk N. S.

Trade union and strike movements in Galicia in the early 20th century
in archival materials..... 163

Slobodianyk V. H., Koniukhova I. I., Koniukhov O. D.

Determination of surface properties of films for packaging 175
