

CONTENTS

TECHNICAL SCIENCES

Khoroshevskiy O. I., Khoroshevskaya I. O.

Systematisation and description of the content of recommendations to speed up website loading9

Kotmalova O. H., Labetska M. T.

Analysis of the protective elements of plastic payment cards of Ukrainian banks ...20

Havenko M. M.

Scientific and methodological foundations for designing and improving interactive electronic scientific publications to optimize communication processes and knowledge acquisition29

Bernatsek V. V., Vladyka N. V., Marchuk R. P., Vladyka T. V.

Study of the influence of thermal plates properties on the quality of offset imprints ..39

Boychuk Ya. A., Valovyi P. A., Havenko S. F., Labetska M. T.

Comparison of the quality of imprints obtained by different printing technologies on cardboard for the production of interactive packaging48

Labetska M. T., Podusivskiy O. V.

Systematic analysis of factors influence on the quality of pad printing on decorative products59

Lokatyr B. I., Tsutsa N. M.

Contemporary use of screen printing for creating lithographic forms.....67

Telegina T.

Of factors influencing ink transfer in flexographic printing76

Zatserkovna R. S., Zatserkovnyi R. H., Stepanets V. O.

Overview of coffee packaging tendencies and their impact on consumer behavior ... 89

Kotmalova O., Marchuk K.

Packaging with magnetic closure: development and features of modern technologies.. 96

Koniukhova I. I., Loginskyj A. A., Zborivskyj N. A.

Research on the technological process of manufacturing boxes from binding board..101

Slobodianyk V. H., Nazar I. M., Koniukhova I. I., Koniukhov O. D.

Impact of low temperatures and UV irradiation on the mechanical properties of polymer films for packaging107

Savchenko O. M., Pelyk L. V.

Laser technologies in gift packaging production: functional capabilities and development prospects	117
--	-----

Kolomiets A. B., Holdak L. B.

Analysis of technology and equipment for forming conical paper food containers	127
--	-----

Savchuk H. M.

Historical conceptions of the copyright (Droit d’auteur) defence and their relations in contemporary terms	136
--	-----

Strelbytska S. N.

Qualiological aspects of the e-book: quality of content and services in the digital environment	145
---	-----
